Hearing Fails To Provide Desired Result For District

No conclusive results were reached at the meeting of officials and attorneys for the Truckee Public Utility District, Sierra Pacific Power Company, Pacific Gas & Electric Company and the Federal Power Commission in Washington, D. C., last week in the utility's attempt to procure lower priced power for local consumption.

Following the presentation of testimony, the contesting parties were asked to submit briefs within 15 days. From these, the FPC will attempt to reach a verdict on the question of whether or not the PG&E will be required to wheel electric power to Donner Summit where it can be reached for the TPUD or where it can be transmitted to Truckee over lines leased from the Sierra Pacific.

Briefs will also go to the California Public Utility Commission for study and an opinion from that agency.

District Manager Francis Longo, who was at the hearing, said the PG&E is putting up vigorous arguments in its effort to deny wheeling federal power to the district.

Last Rites Held For Mrs. Robt. Edwards

Mass was said Wednesday morning at 9:15 o'clock in Our Lady Chapel in Presidio of San Francisco for Mrs. Helen Edwards, 75, wife of Major Robert Edwards of Truckee, who expired in San Francisco Saturday.

The mass followed the Rosary at the California Funeral Service Chapel and interment followed in the Golden Gate National Cemetery.

Mrs. Edwards was well known here where she was active in social affairs and was particularly well known in the Independence and Death Valley region where she was honorary director of both the Death Valley 49ers and the California East Museum. Only last year she and her husband were responsible for the installation and dedication of a monument honoring the Death Valley pioneers.

Mrs. Edwards was a graduate of the Ursuline Academy at Santa Rosa with the class of 1908 and was the oldest living graduate of that school. She was a veteran of World War I and member of a bay area post of the American Legion.

She was a native of Independence, and a member of a pioneer California family, born June 25, 1890.

Aside from her husband, a former employe of the division of highways in Truckee, retired, she had no immediate surviving relatives.

The Edwards moved to San Francisco to spend the winter only a few days ago and her many friends were shocked and saddened by her death.

BAKER OUT OF SHELL STATION, COMOLA IN

Nick Comola, local Shell Oil Company distributor, announced this week that he has taken over management of the Shell station on the main street in Truckee and with Dave Britton, will operate the station between 7 and 7 daily.

Britton of Tahoe City formerly operated the Shell station at the Tahoe Y and is well known throughout the community.

The local station was operated by Woodrow Baker for some time before he gave it up on January 6.

OFFICIALS INVITED TO WINTER TOUR

TAHOE CITY—The North Tahoe Chamber of Commerce has invited the four United States Senators from Nevada and California to be its guests for a "winter sports tour" of the area the last week in February.

Tentative commitments have been received from all four — Senators Alan Bible and Howard Cannon of Nevada, Senators Thomas Kuchel and George Murphy of California—depending on the pressures of the congressional session in Washington.

ALAN CRANSTON TO SEEK RETURN TO JOB

SACRAMENTO — (CNS) — State Controller Alan Cranston today announced he will be a candidate for re-election to that office this year. Cranston said he will seek the Democratic nomination in June, and thereby turned thumbs down on his being a candidate for any other office.

The controller is known to have toyed with the idea of running for governor this year, but he apparently discarded this plan as the momentum gathered for Governor Edmund G. Brown's third term attempt. Although Brown has not declared his candidacy, assumptions are he will be the Democratic candidate at the primaries.

Snowball Queen Will Be Crowned At Nevada Lodge

KINGS BEACH — It will be a big night at the Topaz Room at Nevada Lodge Friday when Miss Sierra Snowflake will be selected from the many entries for the honor during the annual Snowball sponsored by the North Lake Tahoe Chamber of Commerce.

Each of the several candidates for the honor are sponsored by organizations throughout the area.

The queen will preside at the fifth annual dog sled races to be held the following weekend when more than 30 teams will be entered in the event. Additional attractions include snomobile races, snowball fights and a number of other amusing and entertaining features.

Zeph Rose, who purchased 40 tickets for the Truckee delegation, said all had been easily disposed of with additional requests. The Truckee group will be supporting Joni England, the Lions Club's entry in the queen contest.

Other entries include Janmarie Booth, Lake Tahoe Ski Club, Stephanie Pitt, South Shore Chamber of Commerce; June Taylor, Tahoe City Rotary Club; Roselyn Hamblin, Sierra Winter Stock Company; Tina Slatkovski, North Tahoe Rotary Club; Darlene Doolittle, Tahoe City Optimists Club; Stephanie Cook, North Tahoe Lions Club, and Ronoi Thorwaldsen, Sierra Board of Realtors.

Mrs. Dorothy Beck is chairman of the event which is timed to coincide with the start of National Ski Week.

Wyethia Club Plans For Student Contest

The regular meeting of the Federated Wyethia Women's Club of Truckee was held at Manzo's on January 7, 1966, Mrs. Eve Aweeka, presiding. Acknowledgement was received regarding the craft materials that has been forwarded to the Navajo Mountain School children to be used as part of "Operation Headstart."

Anyone wishing to donate craft materials, yarn particularly, may contact any Wyethia member and the club will forward it.

Plans were discussed for the essay contest for elementary school children and the planned scholarship for a Tahoe-Truckee High School senior.

The next regular meeting will be at the Wyethia club house, a luncheon meeting at 1 p. m. on January 21, 1966.

GARDEN CLUB MEETS WITH MRS. WHITE

The Garden Club met at the home of Mrs. Carson White on January 11. The meeting was scheduled to be a work shop but much of the time was spent in studying revisions in the constitution and by-laws. There was a display of articles made by the members suitable for holiday decorations and gifts.

On January 25, weather permitting, the club members will have lunch at Boreal Ridge and those who care to may ski.

The next regular meeting will be on Tuesday, February 8.

BOB KETTENHOFEN TO TRY FOR OLYMPICS

CHAMBERS—Bob Kettenholfen, a senior at the Denver University and son of Mr. and Mrs. Ray Kettenhofen of Chambers Lodge, has been invited by the coaches of the U. S. Olympic ski team to the qualifying meeting to be held in the eastern part of the United States where the F. I. S. team will qualify.

The team will represent the United States in February at Oslow, Norway.

STEWARTS ON TOUR OF EASTERN PORTS

Mr. and Mrs. Alex Stewart of the Ponderosa Golf Club at Truckee recently returned from a delightful cruise aboard the air conditioned luxury steamship, Ariadne, sailing from Port Everglades, Fort Lauderdale, Florida.

There were calls at Nassau with shopping, swimming and entertainment, then a daylight cruise to Freeport with a visit to the hotels and casinos, plus the fun and relaxation of shipboard life.

Another Hearing Ordered To Quiet Hospital Dispute

Dr. Edward O. Hendrickson's complaint against the Tahoe Forest Hospital medical staff and board of directors, charging they violated a court order granting him full privileges at the hospital was aired before Judge Vernon Stoll in Superior Court last Friday.

Dr. Hendrickson charged that despite a court ruling last July granting him full privileges, he was taken off the emergency call schedule.

Judge Stoll, in the hearing Friday, ordered that Dr. Hendrickson appear before the board of directors of the hospital within 15 days at his own request, or at the request of the board, and attempt to iron out the diffficulties.

If this fails to bring about a solution another hearing before the court is scheduled for March 17.

Judge Stoll ruled that the contempt proceedings against the medical staff and the board of directors be set aside pending developments in the case.

A doctor from the Barton Hospital at South Lake Tahoe was employed by Dr. Hendrickson to be on standby at the hospital and Dr. E. E. Wilkins remained in the area while the balance of the medical staff and officials attended the hearing.

These last minute arrangements were made to provide emergency care in the district during the court hearing.

Chamber Requests Olympic Training

TAHOE CITY—With all the concern being expressed for conditioning of athletes for the 1968 summer Olympics, the North Lake Tahoe Chamber of Commerce has suggested to Governor Edmund G. Brown that the U. S. team be invited to train at Squaw Valley.

The games will be held at Mexico City, which has an elevation of 7434 feet. This could substantially affect runners an djumpers acclimated to altitudes nearer sea level. French and German athletes are training at centers 6100 feet high, while Russians and Japanese are working out at 8,000 and 10,000 feet locations.

Squaw Valley, already Olympic oriented and easily accessible, is officially 6245 feet above sea level, with higher elevations nearby.

PRIVATE HARRIS IS MARINE GRADUATE

SAN DIEGO, CALIF. (FHTNC)—Marine Private Thomas W. Harris, son of William W. Harris of Tahoe City, Calif., was graduated January 10 from Marine recruit training at the Marine Corps Recruit Depot, San Diego, California.

During his eight weeks of intensified recruit training under veteran noncommissioned officer drill instructors, he learned small arms marksmanship, bayonet fighting, and methods of self-protection, as well as receiving instruction in military drill, history and traditions of the Marine Corps and other academic subjects.

He has been assigned to Camp Pendleton, California, for individual combat training and basic specialist training in his military occupation field.

CHURCH SERVICES AT ALPINE PEAKS

SQUAW VALLEY — With the opening of the Twin Peaks lift at Alpine Meadows, there will be two church services by Rev. Frank Evans of the United Church of Christ at the peak each Sunday.

At 1:15 at the usual spot at the top of lift No. 2 there will be a service and again at 2 p. m. another service at the top of lift No. 3.

The services are ecumenical in nature and people of all faiths are invited.

Walkers Return—

Mr. and Mrs. Jim Walker are home after a buying trip for the Toggery that took them to San Francisco and down the coast.

Attends Mart—

Mrs. I. Firpo returned from San Francisco where she attended the spring showing of merchandise for Cabona's Store.

Sherritt Cruiser Is Winner Of Contest For Decorations

Over the Christmas holidays there was a contest for the best decorated power cruiser in the spirit of the season on the Sacramento River at Rio Vista. A trophy was donated by the owner of the Delta Marina Yacht Harbor, perpetual, for members of the Delta Marina Yacht Club.

The boat "Truckee" was judged "Best Decorated Cruiser." Its skipper and first mate will have their names inscribed on the trophy's plaque. Jim Sherritt, the skipper, said his wife, Eula, put on the Christmas trimmings that won for the boat the first prize.

New Masonic Lodge To Be Dedicated At Tahoe Friday

CRYSTAL BAY—M. W. Frank Logar, Jr., grand master of Masons of Nevada will preside over a special grand lodge meeting, January 21, at the Crystal Bay Club in Crystal Bay for the ceremony of consecreation and dedication of Centennial Lodge No. 47, F & A M, of Nevada, and for installation of officers. Centennial lodge has been organizing for the past two years under special dispensation and the lodge name, authored by Robert Parker, a 33rd degree Mason and past grand master of Masons of Nevada, was chosen to commemorate the Silver State's 100th anniversary.

Grand lodge will open for Masons at 6 p. m. and will be immediately recessed for a no host banquet in the Crystal Room of the Crystal Bay Club, where Masons will be joined by their wives and friends.

The Grand Lodge ceremonies, scheduled for 8 p. m. that same evening, will also be open to guests. Charter master of Centennial Lodge, H. E. McCoskey, extends greetings to all Masons and invites them to attend.

"New Masonic Lodges are not a common occurance", Grand Master Logar stated, "and Masons in this area should avail themselves of this opportunity to see this colorful and inspiring Masonic ritual."

Many Benefits From Funds From P.T.A.

The Truckee Elementary PTA met last Monday night. The business meeting consisted of committee reports. Membership Chairman, Mrs. Denny, reported 243 members. Mrs. Clatterbuck, project committee chairman, pressented the following expense items for the members approval: 10 boxes stencils for Thermofax copier, $90; movie for students, $30; graham crackers for kindergarten, $15; toys for kindergarten, $60; 3 year pins for band members, $15; records with film strip, $32.50; uniforms (vests) for band, $300; expense fund to start next year, $50; tone bells for primary grades, $9.75. Total $602.25.

Savings account total was $672, leaving a balance of $69.75. It was voted to purchase the items.

Don Westbrook reported a new cub scout den in Meadowlake Park with Mrs. Jean Chapman den mother. Boys who are interested should contact him as there will be openings soon.

The members were treated to a one-act play presented by the 8th grade drama club, titled "We Want Mother", a comedy. The club is sponsored by Mrs. Kate Miles and meets once a week. In the cast were Larry Doyle, Cindy Griggs, Diane Rose and Verle Melvin. Student director was Debbie Wurst and prompter was Susan Doyel.

Mrs. Drummond won the room count and Don Westbrook won the door prize. Refreshments were served by the two fifth grade and sixth grade mothers.

Openings For More Night Class Students

There are vacancies for more participants in the wood shop evening class at the Tahoe Truckee High, Bert Greene, the instructor, announced.

The class is held each Tuesday and Thursday between 7 and 10 p. m. and there is no expense involved with the exception of materials used. Anyone interested is invited to attend.

New Equipment Is Delayed As Snow Provides Problem

The absence of storms during the past two weeks has given the road crews an opportunity to clear up the accumulation from the early January storms and make room for the next downfall.

A shortage of snow removal equipment has hampered the work thus far this winter despite the fact that a special district was formed to provide additional plows and a new snow-blast. Two new trucks ordered early last fall have not put in an appearance due to the difficulty of procuring plows for front-end attachment. This holdup, according to Road Foreman Edward Frates was caused through priority orders by the government.

The snow-blast, also ordered early, was found to be inadequate for local conditions and had to be returned to Denver for conversion. Only the new loader was on hand when the equipment was needed and the crews were forced to resort to the inadequate equipment available, which was actually less than last year.

The new snow-blast is scheduled to be revamped and returned to Truckee by January 28 while the two trucks are scheduled to arrive later this month or early next.

Frates said that he has ample crews and has kept the available equipment operating on a 24-hour a day basis but that until the additional equipment arrives, they are handicapped to a great extent, but continuing to do the best they can.

Frates said that with the acquisition of new roads from the state and additional subdivision, there are now 121 miles of road which require clearing during and after storms. He asked for the patience and cooperation of residents and announced that every effort will be made to provide service to all concerned.

Feasibility Report On Tahoe As City

AUBURN—A preliminary report on the feasibility of incorporating a Lake Tahoe area into a city, has been filed in Auburn by William Zion of Berkeley. The report indicates that an area of approximately 14 square miles would be involved, the boundary lines would stretch from Nevada State line to the El Dorado County line and include the Alpine Meadows-Squaw Valley areas.

The report indicated that if approximately $80,000 in snow removal funds from the state could be allocated to the city the tax rate would be 20 cents per $100 of assessed valuation. If the snow removal funds were not available, however, the cost could run as high as 57 cents per $100 of assessed valuation.

SIERRA REGISTRATION WILL CLOSE FRIDAY

This Friday, January 21, is the last day to file transcripts and application forms for admission to Sierra College for the spring term, Dean of Students Kathro Frank announced today.

Next week registration of new students will be held. Continuing students began registration this week as finals continued. Final examinations end Thursday, with classes resuming Monday, January 31 with the spring term.

The deadline for registration in evening classes is a week away, Friday, January 29, according to Evening School Director Frank Van Vliet. Registration by mail may be completed by calling in to receive a schedule of the 40 classes being offered for college credit at the Rocklin campus and at Nevada Union High School.

RETURNS FORM EAST

Dr. and Mrs. Robert Affeldt and children returned last week after a month's absence during which time Dr. Affeldt attended a special oral surgery school at the University of Michigan. He was one of few dentists in the country selected for the special course. The Affeldts spent the Christmas holidays with his parents in Lansing.

Dates Noted—

Ken Osburn was the incentive for a family party on the occasion of his birth date Monday evening.

Charles Kitts Will Be Candidate To Succeed Himself

Charles R. Kitts announced today that he will be a candidate for reelection to the office of assessor in the June election. Assessor Kitts was appointed to office July 1, 1956, and was elected in the years 1958 and 1962.

Appointed at a time when Nevada County was suffering changes in its economic structure, Assessor Kitts piloted the county tax base through the closing of the mines and the liquidation of their properties without serious effect upon school and public finances.

Kitts said change is not always accomplished easily. Laws do change and the policies and procedures of the assessor's office were changed to meet the demands and requirements of today's tax laws and the needs of the public.

An outspoken critic of poorly conceived tax laws and dedicated to the rights of local government and the strengthening of its position in the affairs of this state, Assessor Kitts has served alternately on the executive and legislative committees of the State Association of Assessors throughout his elected terms of office. He is currently a member of the legislative committee and two sub or study committtees and is chairman of the committee of programs and protocol.

School Of Missions Planned By Church

The Christian's Calling is the theme of the School of Missions to be held at the Community Methodist Church in Kings Beach. The school will be held jointly by the Methodist Churches in both Truckee and Kings Beach, with local leadership.

The school will meet on four consecutive Sunday evenings, beginning January 23rd, ending February 13th. Vesper Services will be held at 6:30 p. m., to be followed by a film and study from 7-8:30.

The first session will be led by Mrs. Beverly Wilson, under theme: "The Word with Power," with a film strip titled "Factors That Comfort Us."

The second session, January 30, will be led by Miss Estelle Howell, who is presently studying to be a missionary. Title of the session will be "Mission as Decision," with a film strip titled "Albert Schweitzer."

The third session, February 6, will be under the leadership of Mr. and Mrs. Don Boeff, titled "Babylon By Choice, with a movie titled "City of Necessity."

The last session will be "Realms of our Calling," with the film strip "Two Faces of Faith." There will also be classes for children. All are invited to attend.

SIERRA COUNTY TO ENJOY U.S. BENEFITS

The benefits of a now replaced federal program will be enjoyed by the people of Sierra County for some time to come. So commented Congressman Harold T. (Bizz) Johnson, representing the Sierra-Nevada region, in connection with the completion of the Lower Sardine Lake dam.

The dam was constructed by the state wildlife conservation board at an estimated cost of $90,000, two-thirds of which was provided by state funds. The public works program of the federal government contributed $30,000 for the project the federal fish and wildlife service officials advised Congressman Johnson, who has assisted in obtaining enactment of the 1962 Accelerated Public Works Act.

DEANERY MEMBERS MEET JANUARY 30

Members of the Grass Valley Deanery will hold their quarterly meeting Sunday, January 30th, at Auburn, in the American Legion hall on East Street.

Members of Catholic Ladies Relief Society No. 6 and St. Joseph's Patron's Club will host the 12:30 luncheon.

Following the luncheon Mrs. Chas. Helzer, Diocesan president, from Oroville, will install the new officers. Mrs. Lawrence Taylor, President, will preside at the meeting and urges all members of the affiliated organizations to attend and meet the new Diocesan president and the incoming officers.

Work To Start In June On Sewer To Serve West Area

Work is expected to be started by early June of this year on a $3,309,840 sewer disposal system for the area west of Truckee including Meadow Park, Donner Trail and Donner Lake.

This was made possible through action of the Truckee Sanitary District Tuesday night when a resolution was passed setting up a special assessment district as provided for under acts of 1915 and 1911 wherein no petitions are required.

First phase of the project will include an outfall line from the terminal of the present system west of Truckee to the disposal plant which will be improved and enlarged.

The second phase, scheduled to start in July will take the main line as far as the government tract on the north side of Donner Lake. The board hopes to complete installation of the line around the lake by fall of 1967. Each individual property owner will be responsible for connections and service lines.

Bids for the project will be called on April 4 and are scheduled for opening May 3 after which a hearing on the formation of the assessment district will be held.

Under terms of the acts, owners will be given a specified period during which the entire cost assessed against their property may pay off in cash, thus saving all interest charges.

The tentative cost approximation may be lowered providing growth of the area or possible federal or state grants are forthcoming.

The board, according to Oliver Crose, the secretary, established the following costs as a guideline for property owners.

Case No. 1 $800,000 hotel or motel with 4,000 to 5,000 square feet, $15,880, payable annually at $1,053 for 25 years.

Case No. 2—$60,000 motel on the line, with 2,000 to 5,000 square feet, $2,378, payable at $175 over a 25-year period.

Case No. 3—$12,000 lot and cabin at west end of Donner, away from the line, total assessment $1,400, payable at the rate of $126 a year for 25 years.

Case No. 4—$20,000 home in Meadow Park, one lot away from the line, $1,470, payable at the rate of $131 a year for 25 years.

Case No. 5—10 acres on hill above Donner Trail, valued at $12,000, $1,346, payable at the rate of $108 for the 25 year period.

Case No. 6—10 acres at the west end of Donner, valued at $25,000, total cost $19,000 or $1,275 a year

Tahoe Youths Win Silver Ski Races

SOUTH LAKE TAHOE—Lance Poulsen and Vicki Jones of the Lake Tahoe Ski Club again have won the championships of the Sacramento Bee Silver Ski junior giant slalom at Heavenly Valley.

Poulsen also won in 1964 and Miss Jones in 1962 and 1963.

The Silver Ski king and queen are 17 and both are students at Tahoe Truckee High School.

Truckee Holds Top In Traffic Count

There were 13,667 fewer vehicles checked into California at the quarantine station in Truckee during December than during November, the monthly report from the department of agriculture indicates.

During December there was a total of 93,741 vehicles checked including 88,049 autos, 4,991 trucks and 701 buses. A total of 423 lots of plant material was intercepted.

Interstate 80 maintained its first place position as the most popular road, with Yermo in second place and Blyth a close third. Meyers on Highway 50 reported a total of 53,757 vehicles checked during December, a drop of nearly 25,000.

TAHOE WOMENS CLUB WILL AID PROGRAM

TAHOE CITY — The Tahoe City Federated Women's Club has been asked by the Placer County Coordinating Committee for Economic Opportunity, to help advance this project in this area.

This is the program started by the late President John F. Kennedy and followed up by President Johnson, to assure financial help for any student at the high school level or in college, who would otherwise have to drop out, to assist family finanices.

Mabel Nielson, dean of chairmen for the club, will act as secretary for the project and Eunice Henrikson, club president, will work on the council board. Both of these women have had some experience in the field of school dropouts as this is one of the club's main objectives in the social work of the club.

The council meets once month with a meeting scheduled in January.

This is the third Silver Ski win for Vicki and the second for Lance.

Million Mothers in 'Protest March' To Support March of Dimes Drive

A million American mothers will stage a "protest march" during January. They are protesting that birth defects have been too long neglected. Even more, they are demonstrating their hope of assuring a Happy Birth Day for 11,000 American babies born each day, 700 of whom come into this world with birth defects that disfigure, disable or kill.

During the traditional Mothers' March for the March of Dimes, the women will enlist their neighbors' support and contributions for the 1966 March of Dimes fight against birth defects which strike 250,000 American babies each year.

On their house calls, the Mothers' Marchers will distribute a new leaflet, entitled "Happy Birth Day," telling members of their communities what they can do in this important battle. The leaflet explains what to do "If you are about to be married, if you are expecting a baby, if a birth defect occurs in your family, if you have friends with a defective child."

For the third consecutive year, actress Jane Wyatt is serving as national chairman of the Mothers' March for the March of Dimes. Speaking to groups of volunteers about the informative aspects of their duties, she says:

"Most of your neighbors don't know very much about birth defects. If they did, there would be twice as many March of Dimes Birth Defects Centers right now. If they did, every parent in America, every young person who hopes someday to be a parent, would react to the facts just as you and I do. And they would want to do something about it, get out and march, ring doorbells, make a contribution.

"All March of Dimes programs," Miss Wyatt points out, "are important approaches to the ultimate goal of giving every baby the chance to begin life with a strong, healthy body."

OBJECT OF HER AFFECTIONS. At March of Dimes Birth Defects Center, Presbyterian-St. Luke's Hospital, Chicago, Jane Wyatt, screen and television actress, and national chairman of the Mothers' March, brings love and cheer to bedside of Billy Parker, 3, victim of an open spine and dislocated hips. Youngster is March of Dimes Poster Child for Chicago metropolitan area.

March of Dimes contributions fight birth defects by supporting:

—A nationwide network of 69 Birth Defects Centers to make available the most comprehensive diagnosis and treatment for birth defects victims,

—A nationwide scientific research program aimed at finding the causes of birth defects and methods of prevention,

—A nationwide professional education program which channels latest scientific findings to researchers, practicing physicians and other professional personnel involved in the care of children with birth defects, and

—A nationwide public education program to inform the public of the magnitude of the problem of birth defects and what can be done about it through prenatal care, treatment and research.

Medical authorities recognize that birth defects, in hundreds of different forms, overshadow all other child health problems. They are this country's second greatest killer, claiming the lives of 60,000 children and adults each year plus destroying an estimated 500,000 babies before they are born.

Winter Stock Group Will Present Play

CRYSTAL BAY—"Light Up the Sky", a comedy by Moss Hart, will be presented by the Sierra Winter Stock at the Crystal Bay Club on January 28, 30 and February 4th and 6th.

The play is about the leading lady, producer, director, writer and various other people involved in the opening of a new and different play in Boston.

The nervous hours before the curtain rises, the reaction of the audience and the reviews that appear after many anxious hours all work together to bring out some interesting aspects of each character's personality and provide an evening of good entertainment for any age.

The play is sponsored by the Tahoe Squaws and all proceeds will go to improve educational facilities in this area. Tickets may be purchased from any member of the Squaws at the Hearthstone and at the Tahoe Laundry.

CLASS ACTIVITIES IN SCHOOL

KINGS BEACH SCHOOL

Third Grade—Mrs. Thomas: The best spelling papers for last week were handed in by the following students: Peter Adamco, Melinda Combs, Lori Dean, Annette Ayre, Renee Gilmore, Bernadette Jones, Doug Reynolds, Susan Reynolds, Candi Whitley and Scott Wilson.

Buddy Foster had a birthday last week and David Sonny has the measles.

Fourth Grade—Mrs. Wing: For dental health week we made health posters. Ribbons were awarded to the girls who drew the three best posters. Katie Felte received the blue ribbon as first prize. Her poster was mailed to the Placer County superintendent of schools for further judging.

Book reports were given orally by Suzanne Fuhrman, Jonni Randall, Kavlyn Songer, Lewis Anderson, Judy Janzen, Sharon Briscoe, Katie Felte and Teresa Ferrari.

Fifth Grade—Mrs. Ferrari: Our January officers are: Marla Liddle, president; Mike Gass, vice president; Brady Wills, secretary; Steve Letlow, treasurer; student body representatives, Robin Randall and Mike Hiatt.

Due to the fact that Robin Randall has chicken-pox, Laurie Rose will be acting student body representative until her return.

A social studies test on Unit 5 showed Debbie Sipes with a perfect paper. Others with excellent grades were: David Ferrari, Mike Gass. Mike Hiatt, Mark Price and Lee Wentz.

Sixth Grade—Mrs. Schultz: Spelling A's were received by Gayle Hansen, Jackie Biggs, Mitchell Westlund, Paula Lee, Julie Faulkner, Bill Bailey, Dennis Luescher, Vickie Mahone, Jodi Johnson, Nadine Eyre and Kathi Nelson.

Seventh Grade — Spelling A's were received by Martha Pope, Debeib Rich, Susan Leon, Lynann Fugazi, John Tribuzio, John Olson and Bonnie Weber. Paul Spillers showed the most improvement. Our final test is taken in the form of dictation and the last two tests were based on the paragraphs of Linda Anderson and Lynann Fugazi.

7th and Eighth Grades, English —Highest points on our English assignment on diagrams were made by Michelle Plevel, Pat Gant, Donna Beck and Gary Abrahamian. We are also studying news writing. Sue Leon, Steve Burghardt, Gary Price and Tom Hull turned in the best "copy" according to newspaper standards. Student body: The Incline Village school is forming a student body and we are proud to say that they have asked us for our constitution as a possible pattern. Good luck, Incline!

TRUCKEE ELEMENTARY

Second Grade—Mrs. Scott: Best spellers were Sherri Fitzpatrick, Bobby Alexander, Robbie Affeldt, Kim Causey, Linda Burke, Dewey Brown, Bobby Cross, Bobby Jones, Teri Teeples, Trudi Nix, Susan Edley, Dick Boren, Mary Ellen Robinson, Leslie Brinkley, Josef Suter, Tommy Johnson and Danny Sales. We have started reading the Wizard of Oz as a room listening book.

7th Grade—Mrs. Miles: Congratulations to Tina Bequette, Rosemary Campos, Susan Fish, Donna Horman, Susan Van Sant and Gaylee Wissenback who received A's on the Renaissance Period.

Seventh Grade—Mr. Hisken: It is getting close to report card time and the effort and quality of work seems to be improving. A's were received on the last health test by: Jim Baker, Robert Brumback, Robert Davis, Dennis Dent, Gary Grow, Jack Landers, Linda Little, Joyce Smart, Jimmy Beasley, Dale Daniels, Nola Houlgate, Patty Westbrook, Debbie Jellin, Susan Fish, Susie Hublar, Donna Horman, Janet Corro, Charles Denney, Bruce Fish and Debbie Eckerman.

TAHOE LAKE SCHOOL

Kindergarten—Mrs. Henke: Birthday honors went to Gavle Swan, Shelly Bailey and Kathy Wilby.

Counting to 100 last week were: Craig Hodgkin, Kathy Willey, Nicola Nicholas, Diane LaTour, Ann-Marie Brolund and Mike Palmer.

First Grade — Miss Bean: Our class is doing such beautiful printing work now that we have started on small printing. These students did star papers on the small letters last week: Rebecca Marier, Patrick McCafferty, Brent Bonino, Lisa Cordone, Kelly Cole, Mark Bechdolt, David Onorato, Jeff Olson, Drew Briner, Bruce Tomlinson, Brian Pundt, Larry DeWalt, Bobby VanWetter and Grant Wolter.

Star color papers were done by: Kelly Cole, Becky Marier, Mark Bechdolt, Lisa Cordone, Bruce Tomlinson, Larry DeWalt and Megan Evans.

First Grade—Miss Neal: Our helpers last week were: Hank Wright and Carol Peterson, housekeepers; Twyler Clotfelter, librarian; Joe Kovlinsky, doorman; Kelly Hagadom and David Frisbee, paper officers.

Twyla Clotfeller, Patti Bodine, Julie Meyer and Lana Hamilton had excellent papers posted on the bulletin board.

Second Grade—Mrs. Read: Original stories were written about "The Last Mesbaby". The most complete story was done by Rookie Holbrook. Others doing nice work were Peter Diurni, Lynda Prouty, Robbin Dittberner, Palm Nored, Joni Shaver, Kjell Hendrikson, Steven DeWalt, Craig Poulsen, Matt Gregory, Chris Collins, Cindy Hoff, Tim Hauserman and Kim Pier.

Outstanding math students last week were Chris Hodgkins, Cindy Hoff and Kim Pier.

Third Grade—Mrs. Carnell: Derek Streepey favored the class with a musical selection on his new instrument. We have decided to appoint him our musical director.

Three students received 100 per cent in their column addition. Linda Williams, Mark Mercer and Vicki Austin.

Third Grade—Mrs . Long: The children who received 100 per cent in spelling were: Andy Bodine, Mark Briner, David Gau, Glenn Holley, Jean Pierre Legras, Ronald Prouty, Pamela Baker, Colleen Conners, Karen Duttweiler, Jeannie Gregory, Molly Hanna, Carol Hardin, Michelle Mever, Penny Nichols, Stephanie Smeltzer, Susan Wright and Linda Parscale.

Fifth Grade—Mrs. Diurni: Students chose the following new monitors: audiovisual, Gary Melin and Mark Novak; chalkboards, John Phelan; P. E. equipment, Danny Hauserman and Sandy Keechler; paper, Becky Horton; librarian, Diann Buffo.

Fifth Grade—Mrs. Kelly: Murals have been our big project in social studies the past week. Especially fine work was done by Rich Baker, Rudy Peterson, Pat Bechdolt, Arlene Orr, Gena Ruschmeyer and Michelle Carnell.

Sixth Grade—Mrs. Rogers: Our new class officers are: president, Foster Mulline ;vice president, Eddie Conners; treasurer, Debbie Dutton.

Mike Davis, Debbie Dutton, Mike Humphreys, Charlene Keehn, Susan Lewis, Alan Plumbridge, Pam Wightman had outstanding carvings in art.

Sixth Grade—Mrs. Brower: Highest grades in our social studies unit examination were earned by Debbie Eversen and Steven Stiles.

Highest grades in a difficult reading vocabulary test were earned by Colleen Buffo and Steven Stibs.

Spelling dictation grades last week were excellent. John Attardi, Maryann Barulich, Robert Barwin, Colleen Buffo, Debbie Everson, Rena Francovich, Greg Jones, Susan Kettenhofen, Karen Motta, Nancy Vewell and Steven Stiles all received 100 per cent.

Fourth Grade—Mrs. Evans: Winners of the dental health poster contest were chosen last week. First place went to Connie Christopherson. Linda Kael won second place and Matthew Barulich won third. Honorable mention was given to Cynthia Beck, Sandy Vanni, Julie Shaver, Vanessa Stafford, Mike Jones. The winning poster will be sent to the county for competition there.

Winter Driving Stops Need Safety Margin

Erratic weather causes winter driving to be more hazardons than driving at other times of the year, reports the National Automobile Club.

Poor traction and reduced visibility on winter roads are two of the greatest driving hazards. Following another car too closely is a common error since drivers constantly forget that driving on snow and ice requires from three to twelve times the distance to stop that is normally required on dry pavement.

Clean windshields and windows, the right tires in good condition and added caution are the requisites for safe winter driving.

Zoologically, a muskrat is a meaddow mouse grown as big as a cat and equipped with partly webbed feet for swimming and a flattened tail for a rudder.

The bird that inspired Persian and Roman heraldry was the golden eagle.

SIERRA SKIING

By VI WHITE

Tomorrow marks the beginning of a nation wide proclamation of National Ski Week to celebrate America's fastest growing multi-million dollar sport.

Locally, special activities are being planned by ski resorts and ski shops will have many items on sale.

Forty Donner Lake and Truckee residents are kicking off the big week by attending the North Lake Tahoe Winter Carnival fifth annual Snow Ball Friday night at the Nevada Lodge. A beauty pageant will highlight the evening where Miss Sierra Snowflake will be chosen to reign over the week's activities that include dog sled, snowmobile and other races next weekend.

Special night skiing will be held throughout the week at Donner Ski Area and Tahoe Ski Bowl.

Wednesday is Ladies' Day at Donner Ski Area and for $4 the gals can have an hour group lesson and rides all day on the chair lift.

Soda Springs, Donner Ski Area, Sugar Bowl, Boreal Ridge, Squaw Valley, Papoose, Alpine Meadows, Heavenly Valley, Slide Mt. and Mt. Rose will feature special ski instruction during National Ski Week nuary 21-30.

Members of the Northern California and Nevada Winter Sports Writers Association were hosted the Mt. Rose Development Company last weekend, staying at the new condominium units of Incline Manor at Incline Village.

Saturday morning the group joined the Southern California Winter Sports writers for a tour of the Sherwood Forest ski complex the south side of Alpine Meadows.

Taking the No. 3 chair lift, Luggi Foeger, Alpine Meadows ski school director guided the way over the beautiful untracked snow.

President Byron Nishkian showed the group two Poma lifts that will be called Scott and Weasel Puttle lifts that stretch in two directions to serve excellent runs.

We then skied down over the wide open slops and were the first to ride the new Sherwood Forest ski lift that will be open to the public Saturday. Art Linkletter, famous radio and TV personality cut the ribbon for the dedication.

The new area will quadruple the present Alpine Meadows ski resort.

Powder Bowl was the next destination for the ski writers where the annual feud took place between the north and south on a dual slalom course using barrel staves.

The North walked or rather slid off with the top three places and won the event this year.

Hal Roberts of Peninsula Press had top time, Fraser West, Contra Costa Times, second and Don Thompson of KCRL Reno TV station was third.

NC/NSWA president Walt Roesch presented the traditional team trophy by Art Linkletter.

A cocktail party was held at the River Ranch following the conclave.

At the Chataux, Incline Village, a delightful fashion show presented by Rene' Apres Shop of Tahoe City preceded a delicious dinner. Several attended Eddie Fisher's midnight show at Harrah's.

After Sunday brunch at the Chataux, we drove up the Mt. Rose road about eleven miles to attend the dedication of the new Mt. Rose Resort.

Sitting on the chair with Reno's Mayor Hugo Quilici as he cut the ribbon was James Luescher, president of the new development.

General Manager Bud Nilsson announced that there will be free skiing on their opening day, January 22 to coincide with National Ski Week. Better get there early!

Pepi Greimeister is director of the new ski school.

Two double chair lifts, one serving the steep Northwest Passage run and the other called the Ponderosa lift for the beginner and intermediate skier will be in operation for the rest of the season.

Cocktails and dinner at Peter Paxton's attractive Tahoe Racquet Club ended the lively weekend for the ski writers.

* * *

A big "apres ski" event will take place as major resorts, hotels and motels Saturday, January 22 to help kick off National Ski Week.

The only admission to the parties is the purchase of a Broken Leg Mug for one dollar.

The entire profit from the purchase of these mugs will be donated to the National Ski Patrol Systems by National Distillers.

Tahoe-Truckee High School students took team honors at Soda Springs Saturday when they won the California-Nevada Interscholastic Ski Federation meet between skiers from San Juna, Fleur Du Lac, Homewood and Nevada Union.

Greg Schwartz had the best time in the jumping competition at Granlibakken on his team following close behind; Steve Schooley, Scott Domergue, Paul Sullivan and Paul Rivard.

Diane McBride, Barbara Nielson and Debbie Zorich followed the girls winner Gretl Kramer of San Juan.

* * *

Bill Hobbs of Truckee, Lake Tahoe Ski Club member was second in the jumping competition at Granlibakken last Sunday, behind John Sacks of Oakland. Tom Ruhkala was third.

Tom captured the cross country event, however, with Scott Domergue second and Bill Hobbs, third — all Lake Tahoe Ski Club Nordic skiers.

Members of the Sierra Tinker Belles Garden Club will visit Boreal Ridge Ski area Tuesday, January 25. The group will have a Hof-brau lunch in the atttractive lodge. Area manager Jay Price has offered to have ski instruction demonstrations and life rides available for the lady gardeners.

See you skiing during National Ski Week.

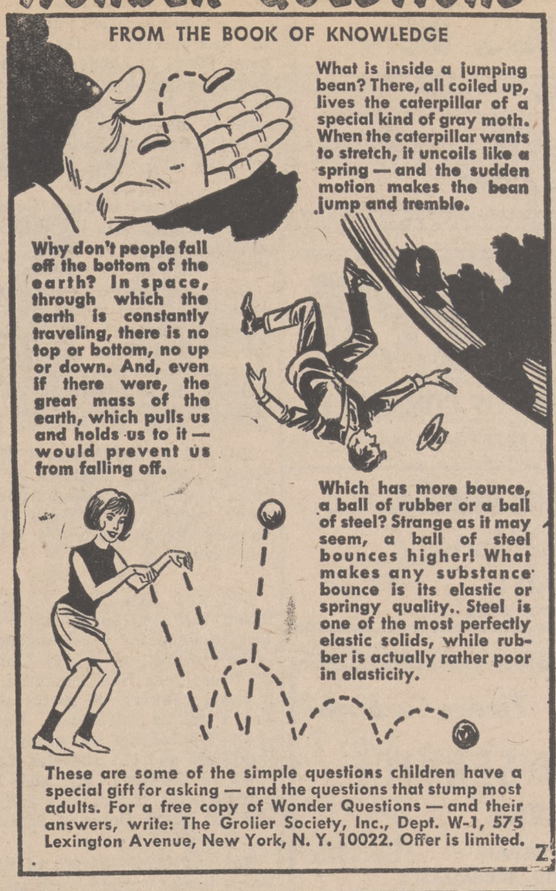
CALL EXAMINATION

AUBURN — The Placer County Department has set January 26 as the final date for filing to take an examination for public health nurse. Date for the oral examination will be announced later.

The distance from Portland, Maine, to the Canadian border is only 200 miles by air but it is more than 2,000 miles via shoreline.

WONDER QUESTIONS

FROM THE BOOK OF KNOWLEDGE



What is inside a jumping bean? There, all coiled up, lives the caterpillar of a special kind of gray moth. When the caterpillar wants to stretch, it uncoils like a spring — and the sudden motion makes the bean jump and tremble.
Why don't people fall off the bottom of the earth? In space, through which the earth is constantly traveling, there is no top or bottom, no up or down. And, even if there were, the great mass of the earth, which pulls us and holds us to it — would prevent us from falling off.
Which has more bounce, a ball of rubber or a ball of steel? Strange as it may seem, a ball of steel bounces higher! What makes any substance bounce is its elastic or springy quality.. Steel is one of the most perfectly elastic solids, while rubber is actually rather poor in elasticity.

These are some of the simple questions children have a special gift for asking — and the questions that stump most adults. For a free copy of Wonder Questions — and their answers, write: The Grolier Society, Inc., Dept. W-1, 575 Lexington Avenue, New York, N. Y. 10022. Offer is limited.

Joe Sante Quintet Starring at Lodge

CRYSTAL BAY—The wild and wonderful Joe Sante Quintet brings mirth, madness and music into the spotlight this week at the Topaz Room of Nevada Lodge, North Lake Tahoe's largest year-round resort hotel casino.

Lovely Irene Keller provides husky-voiced vocal glamor and adds to the zany on-stage antics of the Quintet. The big, fast upbeat Joe Sante Quintet spreads an astonishing array of instruments among the four men. Joe Sante himself is acknowledged as one of the nation's most accomplished saxophone players—and he amazes audiences by playing two saxes at the same time. Add to this, his virtuosity on alto, tenor, bass and soprano sax, clarinet, plus trumpet, and his performance is truly memorable.

The cutups are wild with the Quintet on stage, and the music is solid and happy. In addition to Joe and Irene, the Joe Sante Quintet is rounded out by Reed Gilchrist, Richard De Genero and Phil Alexander who play a total of eight instruments: organ, piano, bass guitar, banjo, harmonica and drums.

The Joe Sante Quintet opened at the Nevada Lodge on January 14, and are proving again they are a top draw on the Reno-Tahoe-Vegas circuit. They will appear nightly, except Monday, through February 6.

The San Francisco Art Institute, founded in 1874, is the oldest private art school west of the Mississippi.

Recent Sport, Skiing Dates from Bronze Age

Despite the millions of skiers who swoosh down the nation's white slopes for fun every year, only in comparatively recent times has skiing for pleasure become a recognized pastime.

Skiing goes back many centuries. Fragments of skis dating back as far as the Bronze Age have been found in Scandinavian countries. The Swedes used skis in warfare during the Middle Ages .Until the 19th century skis were the major form of transportation in snowbound lands, reports the National Automobile Club.

It was only in the last century that Norwegians began to see something in skiing other than a reliable means of transportation. Skiing for fun began. And since that time, skiing as a sport has escalated throughout the world as no other sport in history.

Unique Snowflakes Set Record in Mono County

Snowflakes floating down to earth start out as drops of moisture in the upper air. As they fall they crystalize, usually forming into small groups before lighting on the ground. Despite the millions of snowflakes that descend earthward, no two are ever alike. Back in the 16th century, a Swedish archbishop became so intrigued with the formation and shape of snowflakes that his study of them led to the discovery that all snowflakes have six sides.

Although much of California has no snowfall at all, the National Automobile Club reports that Tamarack in Mono County holds the record for the greatest seasonal snowfall in the United States, having reached 73 feet in the winter of 1907.

I know elephant jokes are no longer in style, but here's a tale that's supposedly true. Calls from this country to Capetown, South Africa, had a hard time getting through, thanks to some African elephants. It seems the elephants were using telephone poles as back-scratchers, causing so much interference with their scratching that callers from the U.S. couldn't be heard.

AFFAIRS OF STATE

by Henry C. MacArthur

SACRAMENTO — (CNS) — The California Manufacturers' Association has developed some information as to how HR 8282, a bill before congress, would increase the unemployment insurance costs of employers in this state by millions of dollars annually.

The measure is part of the Johnson administration give-away program, designed apparently to encourage idleness through increases in benefits which would make it more profitable for workers to live off benefits than it would to work.

The proposal goes above and beyond the original purposes of unemployment insurance, which were to provide stop-gaps for workers out of jobs through no fault of their own, and make enough "get-by" funds available for a reasonable length of time until the worker again could obtain employment.

The federal proposal, however, among other things, provides that a worker need have no more than 20 weeks of work to draw 26 weeks of benefits!

And in addition, the federal bill requires states to establish a permanent, year-round program for an additional 26 weeks of federal benefits to claimants who have exhausted their state benefits. At the present time, California provides for an extra 13 weeks during periods of recession only.

The federal law would require state benefits to be at least two-thirds of a state's gross average weekly wage. Had this law been in effect last year, the weekly benefits in California would have been $80 instead of $55.

As far as taxes on employers are concerned, the association figures the increase would be 200 per cent of the payroll on the first $3,- ployment tax payments.

The federal tax would be increased from four-tenths of one per cent of the payroll on the fist $3,- 000 of wages per year, to 55/100ths of one per cent on the first $5,600 from 1967 to 1970 and on $6,600 in 1971.

The original federal cost was three-tenths of one per cent of the first $3,000 of wages, and this federal tax was assessed with the idea of refunding administration money to the various states, rather than use it for payment of additional benefits to claimants. Employers of California have contributed many more millions of dollars to the federal fund than the state has received in administration funds since inauguration of the program in 1935.

Under the new proposal, disqualification for benefits for quitting a job without good cause, or being discharged for misconduct would be only a six week postponement of benefits. This would nullify California's provision that claimants must first earn five times their weekly benefit amount before again becoming eligible for payment of claims.

While the tax is direct on the employer, sponsors apparently fail to realize that the added costs of the proposed federal program in the long run will be paid by the consuming public. This would be reflected in added costs of commodities caused by the imposition of higher taxes which can't be absorbed by industry.

County Department In New Quarters

The department of public works of Nevada County has just completed a major move to their newly remodeled offices on the first floor of the county courthouse from their old headquarters at the Veterans Building, 415 N. Pine Street, announced Director Jack M. Meade today.

Additional space was needed to take care of the increased work load of the department.

The new location will be more easily accessible for Nevada County residents and the department of public works will be able to give increasingly faster service.

The building inspection department is scheduled to move into offices adjacent to the department of public works in the very near future.

for 25 years.

Case No. 7—Unimproved lot at the west end of Donner Lake, $1,226, payable over 25 years at the rate of $116 a year.

Case No. 8—Unimproved lot at Donner Trail, total assessment $980, payable at the rate of $99 a year for 25 years.

None of the score of property owners at the meeting opposed the special assessment district plan and most approved it wholeheartedly, Crose said.

It was explained that in event Plan B as proposed in the Tahoe Area Council's study to unite the systems at North Tahoe with Truckee, the plan adopted Tuesday will fit into the picture and provide no difficulty in the adoption of the overall proposal.

SPEED IS BLAMED IN MOST AUTO MISHAPS

SACRAMENTO — (CNS) — Excessive speed, rather than the drinking driver, appeared to be the biggest cause of traffic accidents during the recent Christmas and New Year's weekends investigated by the California highway patrol.

The CHP said speeding accounted for 26.1 per cent of the fatal crashes over Christmas and 33.4 per cent of those during the New Year's weekend.

Drunk drivers were involved in 9.9 per cent of the Christmas and 7.2 per cent of the New Year's accidents. However, drivers who had been drinking but were not found to be intoxicated, were involved in about 14.5 per cent of the accidents on both highways.

Sir Joseph Liston was the founder of the antiseptic method of treating wounds.

Hearing Fails

(Continued from Page 1)

It is indicated that no final decision will be reached by the FPC within the next few months, but probably within a year.

The action in Washington was designed to answer three questions:

1.—Whether any other recourse, aside from the action taken shall be granted the district.

2.—Does the contract between the Sierra Pacific, Pacific Gas & Electric Company prevent granting relief to the utility district, and

3.—Whether granting the utility district's request would be unlawful confiscation of PG&E lines.

The utility district has offered to construct its own lines from the termination of the PG&E system at Donner at a cost of approximately $175,000, or would compensate Sierra Pacific for bringing the power over its system to Truckee.

Longo said that the PG&E, which currently supplies power to Sierra Pacific over the summit, has repeatedly refused to wheel Central Valley power for use by the utility district, charging at one time that the lines are now fed to capacity for the use of Sierra Pacific. It was not explained, Longo said, why there would be a greater load since the utility gets all its electric supply from the Sierra Pacific over the lines in question.

There was a question of jurisdiction between the FPC and the California PUC and this question was not fully resolved and briefs will be submitted to both agencies so that regardless of which has the final say in the matter both will be armed with arguments from both sides. Joint hearing by both agencies was suggested and in the meantime the FPC will continue to study the matter.

Busy Program For Ski Club Is Outlined

TAHOE CITY—The second general membership meeting of the Tahoe Ski Club was held last Thursday at the Tahoe Lake elementary school where a large turnout enjoyed the movies presented by Ted Geiber of Reno.

The new membership chairman is Mrs. Sylvia Nance, wife of ski-club director Clyde Nance. She can be contacted at either Homewood or through the ski club.

Director Jack Domergue has taken on the task of organizing the non-racing program and plans to contact all resorts in the area to determine what type of program can be set up for club members.

Mrs. Eddy Ancinas and Mrs. Margaret Birmingham are heading up a committee to prepare a club yearbook, covering all activities of the organization.

The club is seriously considering purchase of a snowcat for the purpose of packing as well as for making long trips into the back country.

Plans are underway for the February 26-27 alpine point meet to be held at Alpine Meadows, Bill Bechdolt, tournament director, being in charge.

Refreshments were served by Mrs. Connie Cole and Mrs. Anita Ormsby. Training films by Director Charles Fing and Nordic Chairman Pete Perata closed the meeting.

Vail Team Leading In Basketball Series

The Truckee-Donner Recreation and Park District adult basketball league started its first round of play on Tuesday, January 11 at the Tahoe Truckee High School gym.

In the first game of the evening, the Vail Drug team walloped the Tourist Liquor-Smart's Bar team by a score of 87-39. High scorers for Vail's were Jim Smith with 22, Don Douglas with 22 and Randy Bobby with 21 points. Leading the losers were Danny Garcia and Bill Buol with 10 each.

In the second game, Donaldsons Cafe, led by Craig Robinson with 19 points and John Firpo with 15, edged Marier's Marauders by a 60-53 score. Leading for Marier's was Bill Ransom with 19 points.

In the second evening of league play, Thursday, January 13, Vails Drug headed by Don Douglas with 23 points, stopped the charging Donaldsons team by a score of 83-73. Donaldson's was led by high scorer, Ron Gallager with 28 points. In the late game, the Tourist Liquor-Smart's Bar team upset the favored Marier's by a score of 42-39. Leading the winners were Lee Velasquez with 13 points and Danny Garcia with 12 points and shooting well for the losers was Ernie Marier with 17 points.

Scheduled to play this evening in a home game is Marier's vs Sierra Fuel from Colfax. Game time is 7:30 in the high school gym.

Playing away for the evening will be Vails and Donaldsons. They will meet the Airmen at Stead Airforce Base.

League games will begin again Tuesday, January 25. In that night's contests Mariers will be playing Donaldsons at 7:30 and Vail's will meet Tourist Liquor-Smart's at 9. Both games will be at the high gym.

Sheriff's Office In Truckee Provides Variety Of Service

Another in a series of articles explaining the services available at the County Government Building in Truckee.

The Nevada County sheriff's department provides a major service to the Truckee community. The sheriff's office, as well as the jail and related facilities, are located in the Nevada County Government Building on Emigrant Way.

The local sheriff's office is staffed by Sergeant Roy Waters and four deputies: Dave Eaton, Robert Schooley, Clarence Shoemaker and John Pyle. The above men provide twenty-four hour regulatory protection to our community.

Four additional deputy positions have been created and these deputies will implement the present force providing additional police protection.

Presently the deputies perform a multitude of duties. Although the greatest porition of time is spent patrolling, they also conduct criminal investigations, bookings and maintain criminal records, has teletype service to sheriff's department in Nevada City and maintains the jail.

The deputies also are responsible for traffic enforcement and issuance of parking violations, search and rescue of missing aircraft, as well as missing hunters is conducted in conjunction with the Civil Air Patrol.

In the eastern portion of Nevada County the deputies must fill the roll of "acting coroner." Assisting the welfare department in situations of emergency relief is another function of the local force. They also assist the probation department in conducting periodical interviews with reporting persons on probation.

As above noted, the sheriff's department provides 24 hour service and can be reached either at the sub-station office or by calling 587-3113 anytime of the day or night.
